

Child participation in Disaster Risk Reduction

Webinar Invitation

On behalf of the [Secure Kids project](#) and the Council of the Baltic Sea States (CBSS), are pleased to invite you to the

**“National and Local Webinar on the Engagement and Participation of Children
in DRR activities”**

The workshop is hosted by *Danish Civil Protection League* and will be held

online on 2/12/2024, at 19:00-21:00

Secure Kids aims to further child participation in DRR activities. The project developed a child participation guide for national and local stakeholders on how to involve children and young people in the field. It is a very important topic that deals with the rights of children, the added value to the work and the preparedness of future generations.

In the workshop, you are invited to look at and discuss with experts, colleagues and other interested parties: child participation and its importance, as well as the guide and how to build an inclusive participatory culture. We welcome your participation and contributions.

For ease of organisation, we would ask you to register via this registration form, please: <https://forms.gle/iPM6R5QXYRCVi7MT7> by **1/12/2024**.

The Secure Kids project and your hosts (Louise Kjeldsen) are looking forward to the workshop with you,
